Languages:

JavaScript | TypeScript | HTML | CSS

Libraries & Frameworks:

React.js | Next.js | Redux Toolkit | Context Api
SCSS | Material UI | Tailwind CSS | RTK Query
Formik | Yup | React Hook Form | Node.js
Express | MongoDB | Mongoose | REST APIs
Socket.io | JWT | Axios | JSON

Tools & Softwares:

Git | npm | Postman | Swagger

Certificates

JavaScript - Modern JavaScript from the beginning
Udemy

React - The Complete Guide (incl Hooks, React Router, Redux)
Udemy

Node.js - Tutorial and Projects Course by John Smilga
Udemy

Work Experience

Mid React Developer

Consultancy Outfit

May 2022 - Present

- Developed responsive and user-friendly web applications using React, optimizing the user experience and enhancing overall functionality.
- Implemented and maintained state management with Redux, ensuring efficient data flow and seamless performance.
- Utilized React Hooks to streamline component logic, resulting in cleaner and more maintainable code.
- Collaborated with cross-functional teams to design and integrate RESTful APIs, enhancing communication between front-end and back-end systems.
- Collaborated with UI/UX designers to translate design concepts into visually appealing user interfaces.
- Participated in Agile development processes, including sprint planning, daily stand-ups, and retrospectives, to deliver high-quality software within project timelines.

UI Developer

Nayyar Technologies

Dec 2021 - April 2022

- Engaged in continuous learning and professional development to stay current with the latest front-end technologies and best practices, enhancing skill set and contributing to team innovation.
- Collaborated closely with design teams to translate static design mockups into pixel-perfect, interactive web pages.
- Worked closely with QA teams to identify and resolve bugs and issues, ensuring the delivery of high-quality, error-free applications.
- Conducted cross-browser testing to ensure compatibility and consistency.

Projects
